ACCESS SERVICE TARIFF  
Section 16  
13th Revised Sheet 16

#### ACCESS SERVICE

#### 16. MegaLink Custom Services (Cont'd)

#### 16.4 Rate Regulations (Cont'd)

#### 16.4.11 Shared Use

Shared use is the provision of Switched Access and MegaLink Custom Services over the same transmission path through the use of a common interface. Shared use is only available with MegaLink Custom Services provided from a customer designated premises to a Telephone Company Hub Central Office including Service Extensions provided between two Telephone Company Hub Central Offices.

(CT) Regulations for shared use facilities are set forth in 6.8.12 (Shared Use), 7.2 (Rate Regulations), 16.4 (Rate Regulations), 19.3 (Rate Regulations) and 23.3 (Rate Regulations). Ordering provisions for shared use facilities are set forth in 5.2.5 (Shared Use).

Existing MegaLink Custom facilities can be converted to shared use facilities by activating a portion of available capacity for Switched Access. Services provided over a shared use facilities are ordered, provided and rated either as Switched Access (i.e., Entrance Facility, Direct-Trunked Transport, Tandem-Switched Transport and Multiplexing) or as MegaLink Custom (i.e., Channel Termination, Interoffice Mileage and Multiplexer) as set forth following:

(A) On shared use facilities, the customer for the Switched Access Service may be different from the customer for the MegaLink Custom Service. When the Switched Access Customer is not the same as the MegaLink Custom customer, all MegaLink Custom charges and Switched Transport charges (including Switched Transport features charges) will be billed to the customer who initially ordered the facility. All other Switched Access charges will be separately billed to the customer who ordered the Switched Access Service.

(B) When an existing MegaLink Custom facility is converted to a shared use facility by using an available portion of the capacity for Switched Access Service, the applicable nonrecurring charges (including the Access Order Charge) will be the nonrecurring charges associated with the Switched Access service being ordered.

No supplement to this tariff will be issued except for the purpose of cancelling this tariff.

ACCESS SERVICE TARIFF

1st Revised Sheet 16.01

#### ACCESS SERVICE

##### 16. MegaLink Custom Services (Cont'd)

##### 16.4 Rate Regulations (Cont'd)

##### 16.4.11 Shared Use (Cont'd)

(C) The customer must place an order for each individual Switched Access Service or MegaLink Custom Service utilizing the shared use facility and must also specify the channel assignment for each service.

(D) All channels within a shared use facility will be rated and billed as set forth in (1) through (5) following:

- (CT) (1) When a DS1 facility is ordered and provisioned as Switched Access, all channels, including spares, will be rated and billed as Switched Access until such time as the DS1 facility becomes shared use.
- (CT) (2) When a DS1 facility is ordered and provisioned as a Special Access High Capacity Service, all channels, including spares, will be rated and billed as Special Access until such time as the DS1 facility becomes shared use.
- (CT) (3) Once a DS1 facility, ordered as either Switched or Special Access, becomes shared use, all spare channels on the DS1 facility will be rated and billed as Special Access.
- (CT) (4) On a DS3 Shared use facility, ordered either as Switched Access or Megalink Custom Service, the Switched Access channels on the DS3 facility must equal the cumulative value of the channels (both active and spare) counted as Switched Access on each DS1 facility.
- (CT) For example, a Switched Access DS1 facility, which contains 20 active and 4 spare channels, is activated on a shared use DS3 facility. The DS1 facility is considered pure switched access and the shared use DS3 facility is prorated by 24 switched channels, i.e., 24/672.

No supplement to this tariff will be issued except for the purpose of cancelling this tariff.

ACCESS SERVICE TARIFF  
Section 16  
2nd Revised Sheet 16.02

#### ACCESS SERVICE

#### 16. MegaLink Custom Services (Cont'd)

#### 16.4 Rate Regulations (Cont'd)

#### 16.4.11 Shared Use (Cont'd)

(D) (Cont'd)

(4) (Cont'd)

- (CT) Subsequently, 6 of the switched channels from the Switched Access DS1 facility are disconnected and become spare. Since the DS1 facility is still considered pure switched, the shared use DS3 facility will continue to be prorated by 24 switched channels, i.e., 24/672.
- (AT) If, at a later date, the Switched Access DS1 facility becomes shared use by the addition of 6 Special Access channels, the DS1 spare channels will then default to Special Access. The DS3 facility will be prorated by 14/672 to reflect the new switched channel value on the shared use DS1, i.e., 14 active switched, 6 active special and 4 spare.
- (AT) If multiplexing were associated with the shared use facility, the monthly recurring rate for the multiplexer would be prorated in the same manner as the Entrance Facility and Channel Termination.
- (5) Channels being used in conjunction with CCS/SS7 Interconnection Service are included in the channel counts for Switched Access.
- (E) Customers requesting Rollover of shared use facilities will be assessed nonrecurring charges as specified in 6.8.10 (Moves), 7.2.7 (Moves), 16.4.12 (Moves), 19.3.7 (Moves) and 23.3.6 (Moves) with the nonrecurring charges being prorated as set forth in (D) (1) through (D) (5) preceding.

16.4.12 Moves

A move involves a change in the physical location of one of the  
following:

- The Point of Termination at the customer's premises;
- the customer's premises.

The charges are dependent upon the type of move requested by the  
customer.

(A) Moving the Point of Termination Within the Same Customer Premises

(1) Rollover

A Rollover denotes a move involving a customer requested  
change of a Point of Termination from one existing MegaLink  
Custom Service to another existing MegaLink Custom Service  
within the same customer premises. The interfaces at the  
customer designated premises for each service involved in the  
Rollover must be the same type (i.e., electrical or  
optical). The Rollover must occur within the same Telephone  
Company location.

##### 16.4.12 Moves (Cont'd)

##### (A) Moving the Point of Termination Within the Same Customer Premises (Cont'd)

##### (1) Rollover (Cont'd)

(CT) The Nonrecurring Charges apply, as set forth in Section 16.5.7(I)  
(Rollover), on a first and additional basis, per Access Order. The  
billing periods for the services involved in the Rollover do not change.

##### (2) Relocation

A move of a Point of Termination of an existing service to a new  
location within the same customer premises, may be provided, at the  
customer's request, on a time sensitive charge basis.

The labor rates which apply are as set forth in Section 13.4.2(C)  
(Testing and Maintenance With Other Telephone Companies or Other Labor),  
preceding, of this tariff for Additional Labor. No change in billing  
period is required.

##### (B) Moving Customer Premises

A move of existing service may be provided at the customer's request.  
The customer will be billed 5% of the termination charge as set forth in  
16.4.6 (Termination Charges).

16.4.13 Modification of Service

The customer may request to modify service provided all the following  
conditions are met:

- a new billing period is established which includes a new minimum  
service period
- the expiration of the new billing period must extend to or  
beyond the expiration of the existing billing period
- the total revenue, based on recurring rates, over the revised  
billing period must be equal to or greater than the remaining  
revenue from the existing billing period
- the service end points must remain the same

The rates and charges in effect at the time service is modified are  
the rates and charges which will be billed to the customer during the  
new billing period.

16.4 Rate Regulations (Cont'd)

16.4.15 Service Extension

The Volume Option for a Service Extension must be less than or equal to the Channel Termination Volume Option specified by the customer for the MegaLink Custom Service being extended.

MegaLink Custom Service with Loop Redundancy or Serving Wire Center and Facility Redundancy can be extended with a Service Extension. However, the Service Extension cannot be equipped with a SecureNet option.

MegaLink Custom Service with Hub Redundancy cannot be extended with a Service Extension. Likewise, an existing MegaLink Custom Service with a Service Extension cannot be equipped with a Hub Redundancy option.

(AT)

16.4.16 Facility Hubs

The Telephone Company will commence billing the monthly rate for the facility to the hub on the date specified by the customer on the Access Order. Individual services utilizing these facilities may be installed coincident with the installation of the facility to the hub or may be ordered and/or installed at a later date, at the option of the customer. The customer will be billed the appropriate MegaLink Custom Channel Termination, Interoffice Mileage (when applicable) and the Multiplexer rates at the time the facility is installed. Individual service rates (by service type) will apply for a Channel Termination and additional Channel Mileage (as required) for each channelized service.

When cascading multiplexing is performed, whether in the same or a different hub, a charge for the additional multiplexing unit also applies. When cascading multiplexing is performed at different hubbing locations, Interoffice Mileage charges also apply between the hubs.

1st Revised Sheet 18.01

#### ACCESS SERVICE

### 16. MegaLink Custom Services (Cont'd)

#### 16.4 Rate Regulations (Cont'd)

##### 16.4.17 Connecting Facility Assignment Credits

Connecting Facility Assignment (CFA) Credit is an option available to customers of MegaLink Custom Services who allow the Telephone Company use of their channel terminations for the provision of Special Access High Capacity (DS1) channel terminations to other Telephone Company customers. With CFA Credits, the Telephone Company will provide a credit to the customer of the MegaLink Custom Service for the use of their DS3 channel termination and associated DS3 to DS1 multiplexer. The Telephone Company will bill the customer of the DS1 service for the DS1 Channel Termination so provided.

(RT)

The following terms and conditions apply to all CFA Credit Arrangements.

(A) The Access Customer Name Abbreviation (ACNA) for the Special Access High Capacity Customer must be different than the ACNA for the customer of the MegaLink Custom Service.

(B) Requests to establish or discontinue a CFA Credit will be accepted only from the customer of the MegaLink Custom Service.

(C) When requesting a CFA Credit, the DS3 customer must provide the Telephone Company with information sufficient to correctly establish billing for a DS1 channel termination. This includes the CFA of the DS3, the DS1 customer's name, and the channel assigned to that customer. The Telephone Company will work cooperatively with the DS3 customer to identify the DS1 customer(s). However, if the DS3 customer cannot or will not provide the required information, CFA Credits will not be established.

(D) The Telephone Company and the DS3 customer must also agree to work cooperatively to maintain accurate customer records of an CFA Credit arrangements. The customer records which must be jointly maintained are:

- connecting facility assignments by DS1 customer and
- additions, moves or deletions of DS1 customers onto or off of the DS3 channel termination.

If the Telephone Company and the DS3 customer cannot work cooperatively to maintain these customers records, additional CFA Credits will not be established.

(E) CFA Credits can be established on Special Access DS3s for Special Access DS1s only. In addition, if channels become vacant subsequent to the establishment of CFA Credit (e.g., the DS1 customer disconnects service), the CFA Credit will be eliminated.

No supplement to this tariff will  
be issued except for the purpose  
of cancelling this tariff

1st Revised Sheet 18.02

ACCESS SERVICE

16. MegaLink Custom Services (Cont'd)

16.4 Rate Regulations (Cont'd)

16.4.17 Connecting Facility Assignment Credits (Cont'd)

(F) In any month, the total CFA credits for any MegaLink Custom channel termination shall not exceed 100 percent of the combined monthly charges for the MegaLink Custom channel termination and its associated DS3 to DS1 multiplexer.

(G) After the DS3 customer has requested a CFA Credit on an existing MegaLink Custom Service, and the Telephone Company and the DS3 customer have reached agreement that sufficient information has been identified to accurately initiate or modify the CFA Credit arrangement, within five business days of the date of reaching such agreement, the Telephone Company will send the DS1 customer via U.S. Mail a 30-day advance written notification before allowing the CFA Credit arrangement to become effective.

(H) The Telephone Company will only remove a DS1 customer from the CFA Credit arrangement at the request of the DS3 customer or because the DS1 customer has disconnected service or moved service to a different transport facility. The DS3 customer must give the Telephone Company 14 days advance written notification of any request to remove a DS1 customer from the CFA Credit arrangement.

(I) In the event a billing dispute is initiated by a DS1 customer, the Telephone Company will negotiate with the DS1 customer as set forth in 2.5 (Billing Regulations).

(J) The Telephone Company will accept requests to disconnect the DS3 service only from the customer for the MegaLink Custom Service. So that DS1 customers using the DS3 channel termination will have the opportunity of continuing service without disruption, the DS3 customer is responsible for notifying all DS1 customers of the disconnection.

(CT) (K) The credit to be applied for each DS1 channel termination using the DS3 channel termination is set forth in 16.5.5 (MegaLink Custom Service). Charges for DS1 service are set forth in 7.3.10 (High Capacity Service).

No supplement to this tariff will

SPECIALIZED SERVICE OR ARRANGEMENTS

12.1 GENERAL

Specialized Service or Arrangements may be provided by the Telephone Company, at the request of a customer, on an individual case basis if such service or arrangements meet the following criteria:

- The requested service or arrangement is not offered elsewhere in Telephone Company's Kansas tariffs.
- The facilities utilized to provide the requested service or arrangements are of a type normally used by the Telephone Company in furnishing its other services.
- The requested service or arrangements are provided within a LATA.
- The requested service or arrangements are compatible with other Telephone Company services, facilities, and its engineering and maintenance practices.
- This offering is subject to the availability of the necessary Telephone Company personnel and capital resources.
- The requested service or arrangement is not a request to convert an existing Kansas tariffed service to an SSA or contractual pricing.

SSAs are not offered under the Flexible Pricing Plan.

SSAs contemplate providing service to fulfill a unique customer requirement that may not be met with existing Kansas tariffed services. SSAs do not contemplate service offerings that have multiple customer statewide application. When sufficient statewide multiple customer demand has developed for a specific SSA, the Telephone Company will develop a tariffed service offering.

ISSUED: MAR 02 1993 EFFECTIVE: APR 05 1993

BY: J. W. CALLAWAY, President - Kansas Division  
Southwestern Bell Telephone Company  
Topeka, Kansas

**SPECIALIZED SERVICE OR ARRANGEMENTS**

**12.2 COMMISSION NOTIFICATION (Continued)**

- (N) Specialized Service or Arrangements contracts including customer identification number, service description and the applicable rates, will be filed with the Kansas Corporation Commission upon customer acceptance and at least 20 days prior to the service effective date.
- (C) The following information will be made available, at the request of the Kansas Corporation Commission, for the life of the contract term, and handled pursuant to applicable proprietary agreements between the Telephone Company and the Kansas Corporation Commission:
  - A. Customer name and location(s)
  - B. The fully allocated cost study
  - C. The contribution level used
  - D. The payment option selected
  - E. Monthly revenue

In addition, the Telephone Company will provide to the Kansas Corporation Commission semiannually of each year a status report of SSAs provided.
